Her warm interest in each individual student, her deep sincerity in her work and her unselfish desire to share her knowledge with others, make her a true friend to all. To show our deepest respect, appreciation and love, we dedicate this CHOWAN CHIEF of 1964 to MRS. MARGUERITE BURCH.

Science Department

The science department has continued to increase the knowledge that exists in the minds of high school students. Under the direction of Mr. Johnson, the department has improved each year in the fields of general science, biology, chemistry, and physics.

Each part of the science department offers the students a challenge in one of the sciences that is greatly influencing the present and the future career of each student.

Debating classes are a part of the English department.

The prime objective of the English department is to help the students acquire the necessary skills that will enable them to communicate through the written or the spoken word. This is generally dealt with through experiences in reading, spelling, writing, listening, and speaking.

English is an inheritance, but it must not be taken for granted. It contains rich opportunities for those who use it well.

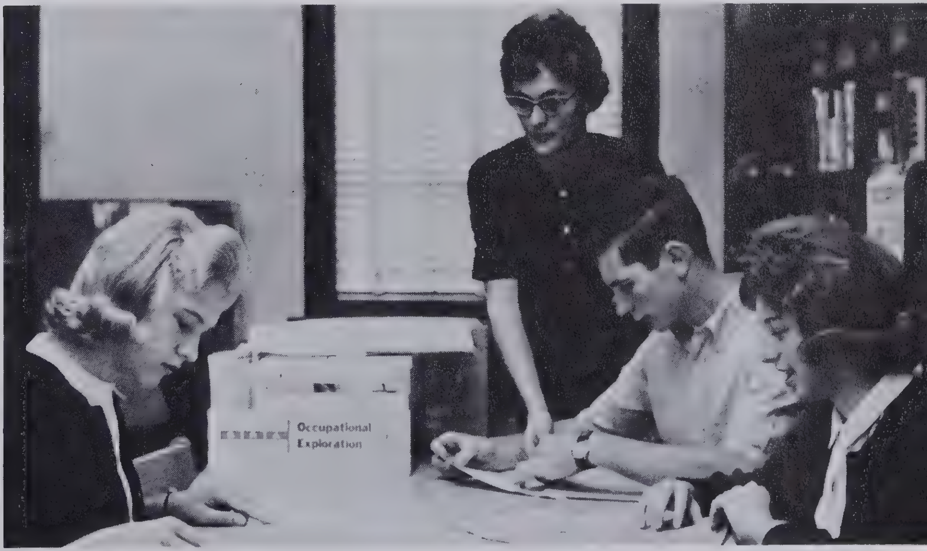
Counselor and Librarian

MISS CATHERINE
AMAN

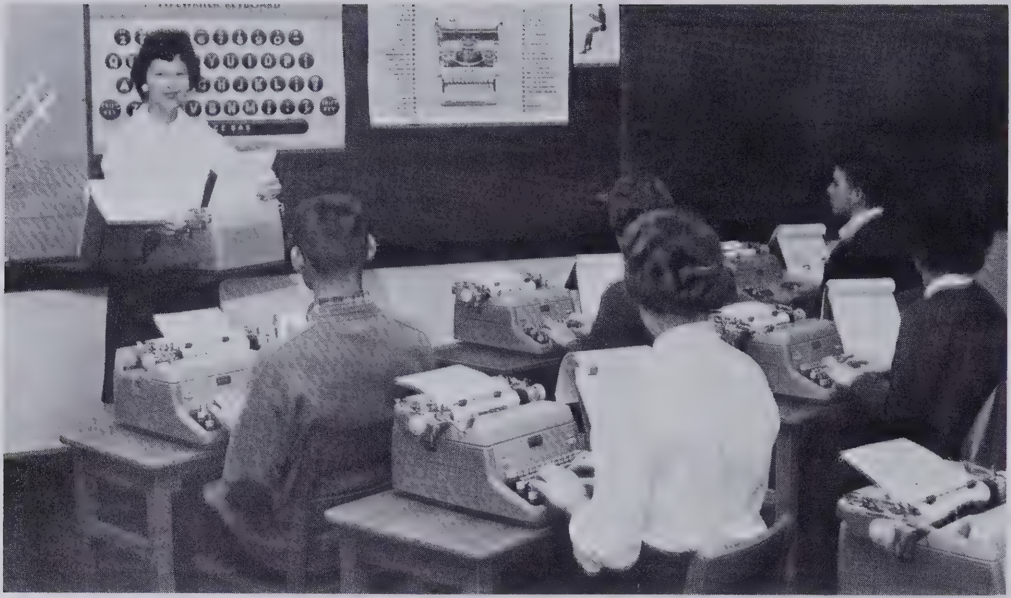
The guidance and counseling is a very successful part of Chowan High School's curriculum. The director of guidance is Miss Aman. Each student at Chowan has at least one appointment with the guidance counselor to discuss grades, his high school schedule, and post-graduate plans.

A file of college material is available for the benefit of each student going to college. Information concerning loans, scholarships, and student aid is offered to each student in high school.



Results of the achievement tests are being discussed.

Commercial Department



Hands on keys. Eyes on copy. Type!

A good experience program is a valuable asset to any commercial department. Our business department, under the direction of Mrs. Hendrix, offers an excellent course which would prepare one for a secretarial position or, with further education, that of a business career.

This department offers bookkeeping, shorthand, Typing I and Typing II, which gives a full schedule in practical experience, and a place in the business world and society.

Students, set your goals high.

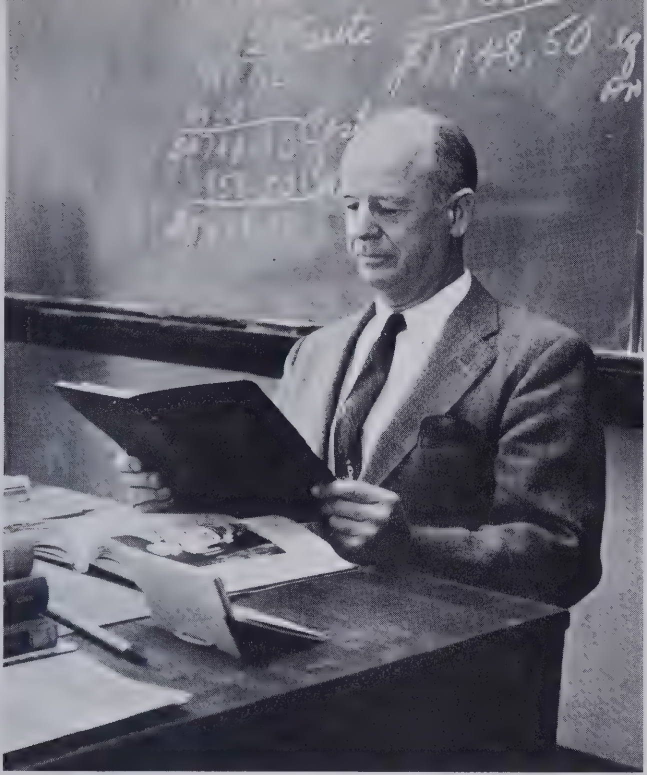
The task of informing the students of the world, its history, its government, and its geography is given to the social department under the direction of Mr. Finch.



Mr. Finch is checking grades. The expression on his face signifies complete satisfaction.

A healthy body and a cultured mind make a complete person. The physical education department seeks to instill in students the improvement of health hygiene, proper exercise, and good sportsmanship. Such courses as first aid, health programs, and regular athletics build the program for the physical condition of the student.

Under the supervision of Mr. Ward, this department has accomplished the objectives of this program.

Girls who take home economics have an opportunity to become better homemakers under personal supervision supervision through practical experience.

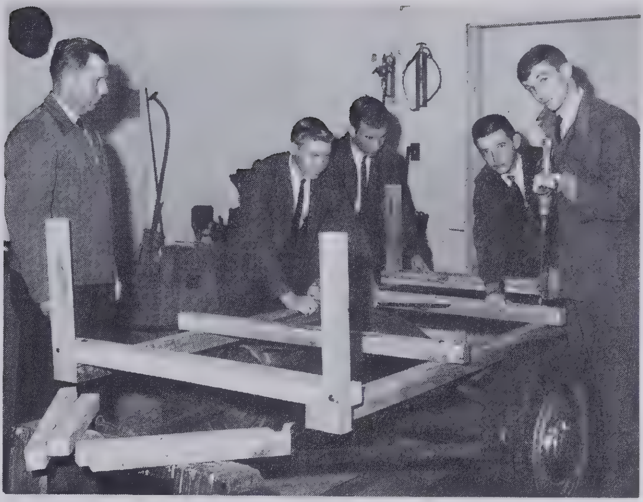
The Chowan High School's agriculture department provides an excellent opportunity for the boys to acquire skill in shop work, field survey, seed germination, improvement of livestock, soil conservation, and skill trades.

We feel sure that any boy taking agriculture under Mr. White will have a better chance of becoming a more successful future farmer of America.



Supervision of shopwork is one of Mr. White's routine tasks.

Appreciation, devotion, love, respect--whatever sentiment due a teacher, counselor and friend, is felt collectively as a group, and individually by each member of the class.

His guidance and help in all our activities will be long remembered. The influence of years of association with him will continue to guide and inspire us along life's pathway.

For all that you are, have been, and will continue to be, Mr. Johnson, we thank you.

Dear Advertisers,

We, the advertising staff of Chowan High School, should like to express the help you have given us with your ads so that we would be able to sponsor this volume of the CHOWAN CHIEF.

We also should like to thank the anonymous donors, who, because of their professional ethics, could not submit their names for publication.

We, the Senior Class of 1964, hope our publication of the CHOWAN CHIEF will be enjoyed by you, and you will continue to support other annuals in the future years as you have this one.

Sincerely yours,

SHERRY BAKER
